

Harnessing Generative AI to Develop Instructional Content for Foreign Language Writing

VI Consortium Workshop for Language Teaching and Learning

October 6th and 7th, 2023

Tools

- chat.openai.com
- bard.google.com
- craiyon.com
- deeppl.com/write

Prompts

1. Generate a list of TV shows popular among current college students, where the setting reflects the character of the protagonists.
2. Find 2 clips from the show "Euphoria" where the setting reflects the personality of the characters. The clips must be suitable to show in a classroom. The clips must be no longer than 2 minutes. Generate YouTube links to both clips.
3. Based on the first clip, generate a list of 10 questions that address the relationship between the show's characters and their surroundings.
4. Generate an empty table containing 3 columns and 6 rows. The columns should have the following headings:
 - List 5 items illustrating the theme of the relationship between the characters and their surroundings
 - What do these items mean to me?
 - What do these items mean to my classmate?
5. Write a paragraph where you show without explicitly stating the following: "The Jukebox is a reminder of the time when things were simple and innocent because it is often a symbol of nostalgia and tradition." Do this as a narrative, a poem, and a dialogue.
6. The Jukebox is a reminder of the time when things were simple and innocent because it is often a symbol of nostalgia and tradition.
7. Write an introductory paragraph to a composition exploring the following thesis: "The setting of the show "Euphoria" serves as a mirror for the troubled relationships between its characters". Begin the paragraph with a quote. / State the whole thesis or just a part / Provide a descriptive background.
